Jurors' Terms

These Jurors' Terms constitute an agreement between you ("User" or "You") and Aragon Association and Aragon One AG both with registered address in c/o eMBe Finanz GmbH Bahnhofstrasse 20 6300 Zug Switzerland ("We" or "Us") regarding your access to Aragon Court as a Juror (as it is defined in the Terms) ("Jurors' Terms")

Any capital terms not defined herein shall have the meaning given to them in the Terms.

If you do not agree with the Terms and these Jurors' Terms You shall not participate as a Juror in the Aragon Court.

1. How to become a Juror

In order to become a Juror You shall stake Aragon Network Juror Tokens ("ANJ") to the Aragon Court contract by accessing anj.aragon.org/converter. The minimum amount of ANJ that you shall need to adjudicate is 10,000 ANJ (although such amount can be changed by the Aragon Network DAO at any time).

2. How to make yourself available for a dispute

Once you have staked ANJ to the Court contract, you may schedule their activation and deactivation for the time period in which you wish to be drafted or not to rule on disputes. In order to be drafted as a Juror you shall at least activate a minimum of 10,000 ANJ. The chance to be drafted to adjudicate a dispute is directly proportional to Your relative active stake over the total active stake in Aragon Court.

3. Being drafted as a Juror

Once You have been drafted for a dispute a variable percentage of your ANJ will be locked until the dispute is settled and such ANJ will be allocated to the corresponding party in accordance with Sections 5 and 6 below.

4. Settling disputes

Once You have been drafted you will need to review the evidence timely (according with the time periods set by the Aragon Network DAO) and in proper manner and vote on the ruling that you think your fellow jurors are more likely to vote on.

As regards Your voting, You shall not be influenced by any person or entity. Furthermore, You shall not act in a wrongly manner in order to manipulate or gain advantage of results.

5. Rewards as a Juror

By acting as a Juror you may earn the following rewards:

- a) While you are awaiting to being drafted onto juries to adjudicate disputes (this is, as long as you have at least 10,000 activated ANJ) you may be rewarded with a portion of the subscription fees earned by Aragon Court during a time period in which you were active..
 - b) In case you vote for the consensus ruling you will be rewarded with both:
 - a. the slashed ANJ from Jurors also drafted in an adjudication round that you were drafted in that voted for a minority ruling in accordance with Section 6 below; and
 - b. the dispute fees that the Participant who brought a claim to the Aragon Court had to pay.

You may have Your ANJ slashed and therefore You will lose any access, right or interest over them in the following situations:

- a) If You vote for the non-consensus ruling.
- b) If You fail to commit and reveal Your vote when appropriate in accordance with Section 4 above; or
- c) In case You reveal Your vote prior to appropriate in accordance with Section 4 above and someone penalizes You in exchange for a reward.

7. The Aragon Network Juror Token

The Aragon Network Juror token (ANJ) is the native token to the Aragon Court, required to participate as a Juror in the Aragon Court in accordance with the Terms.

ANJ will be obtained by depositing Aragon Network Tokens into a bonding curve to mint ANJ/. Please note that We may undertake verification or other relevant security checks in order to prevent the use of ANJs for money-laundering or terrorism financing use.

The ANJ shouldn't be used for any other purpose other than participating in the Aragon Court as a Juror. Therefore, You shall only obtain ANJ if it is Your intention to act as a Juror in the Aragon Court and You shall not obtain ANJ if You are not authorized by Your personal law to do so. Even though you may earn rewards by acting as a Juror you shall not become a Juror if Your sole intention is to obtain such rewards.

ANJ may be unstaked at any time by requesting a deactivation. However, please note that You will not be able to un-stake Your full amount of ANJ until all pending disputes You have been drafted to as a Juror have been settled. Voting in a final appeal round may also lead to delays in deactivation.

8. Randomness in the protocol

We have tried our best efforts for the protocol to provide randomness when drafting jurors for a dispute (you may read more here <https://blog.aragon.one/aragon-court-v1-technical-details/>). However, You understand that this randomness is out of our control, especially due to design limitations of the Ethereum protocol and because there could eventually be malicious third parties interfering with it (miner interference is possible and may lead to a minor advantage in drafting chances). Therefore, You understand that We cannot guarantee perfectly fair randomness and therefore You shall not rely on being drafted on a random basis.
